# FAQ

## HOW MANY BITES DO I NEED?

That depends on both what time of day your party happens and whether or not there are other foods. In general, if your event falls over a meal time (lunch/dinner) we recommend 14+ bites of food per person for a meal replacement. Both our Mix 'n Mingle and Gather 'n Graze menus would be considered meal replacements. If you are looking for foods for a cocktail-style/shorter event, we generally recommend anywhere from 8 - 10 bites per person. Please note our items sold by the person (vs. the piece) generally offer 4 bites per person.

## WHAT IS THE AVERAGE COST OF A GRAZING MENU?

The average cost of a cocktail party grazing menu is \$20 - \$30 per person. A meal replacement grazing menu is in the range of \$30 - \$50 per person.

## HOW DO MY FOODS ARRIVE?

All our foods arrive on recyclable caterware with full garnish. Simply pop off the lids and off you go. Our baked brie will have to be baked and then plattered on your end; Instructions will be provided.

## DO I REQUIRE STAFF FOR A GRAZING EVENT?

Not necessarily. If you are comfortable with putting out foods, tending to them from time to time and cleaning up afterwards, then no staff would be required. If however, you would like someone to manage the foods and clean up OR to provide other services (bartending, serving, bussing, coat check, etc) then please inquire about our staffing and rates.
